

Sports Development and Community Assistance LIVINGSTONE, ZAMBIA

At African Impact, we see ourselves as the on-the-ground AFRICAN SPECIALISTS in volunteering. African Impact was founded in 2005 and we have had over 6000 volunteers join our volunteer programmes in Africa. We have operation offices in Cape Town, South Africa, with supporting operations offices in Kenya, Mozambique, Tanzania, Zimbabwe and Zambia. Our staff and volunteers were determined to make a difference in the amazing communities and conservation areas in which we work. And they did... and so can you...

'Mosi-oa-tunya' - The Smoke That Thunders... this is how the locals refer to the magnificent spray that is elevated high above the Victoria Falls. Against this backdrop we find the town of Livingstone, a place of supreme adventure, of friendship, of unlimited challenge, a place to care for and become a part of; a place of initiation, and an unforgettable life-changing experience. It's far from Zidane's head butt and Beckham's right foot but a small group of future superstars from Mwandu Primary School are fully alive, honing their skills under the watchful gaze of a volunteer coach. This is one of the locations of African Impact's Sports Programmes. For the young local children playing it is an opportunity to begin working out their dreams. For the volunteer at the helm, this is their 'Fever Pitch', an opportunity to be part of passing their passion onto their boundlessly enthusiastic protégés.

Project Achievements so far:

In the past few years African Impact volunteers contributed over 53260 hours to community development on our volunteer projects in Livingstone – Medical, Teaching and Sports projects. Our project structures, together with the support and advice of our charitable foundation team at The Happy Africa Foundation, are continuously assessing our work and project strategies to ensure that these hours are meaningful with measurable outcomes.

African Impact

PHYSICAL ADDRESS 6 Carlton Close, Noordhoek, 7985, Cape Town, South Africa.

TELEPHONE +27217854319 Direct Line or CALL us TOLL FREE 08000988440 (UK) or 1-800 6067185 (USA)

Our volunteers are holding Physical Education Lessons at Dambwa Christian, Nakatindi, Mwandi and Indeco Community schools which the children & teachers are really enjoying. We have also been assisting with coaching teams of under privilege boys from Nirmala Football Academy 3 times a week, as well as holding tournaments for up to 150 players. This is not only a great way to promote healthy living but also incorporating HIV education and awareness through sports. We are starting girls football teams as well and regularly play volleyball & football matches at Bharat's Sports Complex in Linda District.

Location: Livingstone, Zambia – a stone's throw away from the Victoria Falls (10km)

Project Age Limit: Minimum 18 years – Maximum 40 years.

Required Experience: Some previous sports experience would be helpful but is not essential.

Project Highlights:

- Coach very excited and often-talented children in sports and games at local schools
- Be part of new projects to train and teach vulnerable girls in the communities. Use your skills and knowledge to improve the coaching techniques of community sports leaders.
- Assist with the “Kicking out Aids” program that combines football training and HIV education.
- Help build / paint / refurbish schools / clinics / community centres.
- Visit the Victoria Falls and enjoy some of the amazing tourist activities that Livingstone has to offer including Bungee Jumping, White Water Rafting on the Zambezi, Helicopter Flights over the Falls, Zambezi River Cruises, visits to Botswana's Chobe National Park to experience Africa's highest density of elephants and weekend excursions across to Zimbabwe and much more.

Further Information on the Sports Development Programme:

Coming to work in the Africa can be a very exciting, but equally daunting or even scary prospect. African Impact provides the ideal opportunity for you to have all the experiences of working in Africa; getting to know the people and their culture whilst providing a helping hand and all with the added protection of the supportive network of the African Impact Team. We will take care of all your accommodation, meals and daily transport needs. There will always be a Project Manager in Livingstone who will be there to support you throughout your placement, as well as an effective orientation program that we have in place for new volunteers which will give you the confidence that you need to get the most out of this experience.

Whilst African Impact aims to ensure that every volunteer has a fulfilling and rewarding placement, we place immense weight on the importance of volunteers being used to benefit and strengthen local systems. We are in close communication with local community care workers, both at grass roots and governmental levels, to ensure that at all times the work of our volunteers is of maximum benefit to the workers and to the community. Working with the local authorities, African Impact has access to a series of establishments in the Livingstone area, all of which need as much help as possible.

Livingstone Sports and Community Project

Sports volunteers spend their time training, guiding and working with soccer teams in the Livingstone community as well as physical education in schools which is sorely neglected due to lack of trained teachers. We believe sport is an essential and effective tool to teach about various subjects such as HIV, Nutrition and Healthy Lifestyle. You do not need to be qualified for our sports project; you just need the desire to impact!

African Impact

PHYSICAL ADDRESS 6 Carlton Close, Noordhoek, 7985, Cape Town, South Africa.

The Sports Project consists of 3 main areas of work

Physical education within schools - As an African Impact volunteer, you will spend your mornings based in various community schools offering P.E lessons, not only to the students, but also to their teachers! As P.E is not featured within Zambian educational curriculum, our role is to offer structured sports education, along with the health awareness and encouraging an active life style. In order to make this sustainable and continue without the continual assistance of volunteers, we want to “teach the teachers” the necessity of P.E and a healthy life style as a result of it. P.E is unfamiliar to community schools and attitudes still need changing towards its importance however the children absolutely love it and thoroughly enjoy their time volunteers.

Training the Team - African Impact manages the training of an under 11s to under 16’s team in Livingstone. This team has been established for a long time and continues to make solid progress in Livingstone matches. This team is an all boys community team – as we believe sport and soccer should be accessible to all individuals, even those who do not attend school. Our help within the team ensures regular faces are coaching the team, with international backgrounds for the players to gain a wide range of skills.

HIV Education in sport - As a volunteer you will work with different community teams (there are more than 12 connected to African Impact) to hold an HIV in sport workshop. This will involve HIV relay games, team building games, question time and football matches. By using your skills as a sports coach you have the chance to enlighten youths in HIV awareness. Particularly for the young boys; a kinesthetic learning method is a highly effective teaching technique and is something youths rarely receive at school.

School Terms 2011

First term: 10 January to 8 April

Second term: 9 May to 5 August

Third term: 5 September to 2 December

During school vacation time volunteers run “holiday clubs.” Holiday club is extremely important as it offers students valuable time to catch up on learning missed due to the Zambian “Hot Seating” system. Not only does it give young people a safe environment to spend their summer holidays, it is also a lot of fun whilst providing an effective educational tool. Teaching volunteers work closely with sports volunteers to teach lessons for the first half of the morning and then engage the students in recreational activities and teach the importance of a healthy lifestyle. For self-starters, this project is a fantastic way to direct instruction for a few weeks and leave your mark on the students.

Specialist Sports

Your schedule is set for you by the sports coordinating team, however, if you have any particular interests or skills you would like to use, we would love to accommodate it! The children at the schools are always keen to learn new activities – particularly if they come from overseas!! We can set up a class for you to teach Tai-kwon-do, athletics, cricket, or whatever your interest is; we have been known to teach gymnastics to 5 year olds and yoga to 50 year olds! Equipment is very hard to come by so please keep that in mind, if you are able to acquire donated sporting equipment, the community will greatly appreciate it.

Please Note: *We cannot coach swimming in Livingstone.*

Involvement in Community Projects

You will be combining sports coaching with a variety of projects in the local community. This allows you to make a difference in other areas and not just through sport. You will rotate between the following community projects:

Build / paint / refurbish schools and clinics

Schools in Livingstone deal with a great shortage of classrooms, and as a result most children do not receive the full day of class that they need. With the help and guidance of professional builders and the community we are aiming to build new classrooms for as many schools as we can raise funds for. Volunteers will help with mixing cement, making and laying bricks, laying concrete floors, plastering walls, and painting. It is hard, but highly rewarding work! In addition, we refurbish and paint existing classrooms.

Home Based Care / Farming

There are several Home Based Care Projects run by local volunteers in districts of Livingstone such as Maramba, Ngwenya, Libuyu, Linda, Dambwa. The women spend each morning visiting patients within their local community. The patients generally have HIV (and various afflictions due to a low immune system), TB and Malaria. Patients often cannot afford to go the clinic or hospital. The Home Based Care community volunteers rely on medical supplies given to them by the government health department (which happens rarely) or donations. However, some have their own land that they use to farm for the purpose of raising money for their initiative. This is obviously the most sustainable way to ensure their project continues independently of aid. We would like to assist all communities in setting up farming initiatives, as well as helping with actual work on the farm. The goal is to help in the initial set-up stages by assisting with the acquisition of land, tools and seed. Volunteers then help to prepare the land and work alongside the committee of local farmers and Home Based Care givers through the planting, watering, weeding and harvesting. With each new planting season, the local committee becomes more self-sufficient and self-funded allowing new farms to be developed.

Reading Club:

We arrange for students at various schools to come back to the club in the afternoon where our volunteers will assist with the literacy skills of the children. As a volunteer, armed with your box of books, you will arrive at the school and help give the students the extra support that they need. You do this by helping with difficult words, encouraging them as they read and offering the opportunity to practice their literary skills outside the limited lessons available.

Art Club:

Volunteers will plan their own art club using suggested lesson plans, their initiative and creative ideas. Here you can encourage students to deal with a variety of issues through art. For example; you can hold an Anti Drugs campaign using your art club to produce posters, or your art club could make demonstrative models in order to educate them on many different topics. You could also produce seasonal art e.g. Christmas cards, Christmas decorations, Easter masks etc., have finger painting sessions or papier mache - the possibilities are endless!!

African Impact

PHYSICAL ADDRESS 6 Carlton Close, Noordhoek, 7985, Cape Town, South Africa.
TELEPHONE +27217854319 Direct Line or CALL us TOLL FREE 08000988440 (UK) or 1-800 6067185 (USA)

Adult Literacy Club:

Not only a very popular activity amongst volunteers but also an extremely important project aimed at helping adults become more employable in a country with a literacy rate of only 60%. There is a structured syllabus with beginners / intermediate / advanced classes, lesson plans, tests and a certificate upon successful completion. The course will improve the students understanding of written and oral English as well as mathematics.

Study Group

Designed specifically for the students in THAF's *Sponsor-A-Child* Program, students come from various schools throughout Livingstone for a structured study hall led by volunteers. The program seeks to help the children gain a greater grasp on subjects taught in class as well as tackle subjects that are missed during the curriculum. Many of THAF's sponsored children are orphans and all are vulnerable thus lacking adequate support at home. Study group gives sponsored children from a variety of schools the chance to get together, establishing a good community and a great opportunity for AI/THAF to monitor student's academic and personal progress.

Maramba Old People's Home

Elderly homes are not common here because culturally elders in a community stay with the family. People arrive at MOPH, therefore, from far and wide and typically have no one to look after or visit them. Volunteers assist the understaffed facility with daily tasks such as cleaning, cooking, etc. and then transition to engaging the residents in games, reading, physical activities, etc. The project is a great way to provide stimulation and improve the living conditions for the residents.

6 Great Reasons to become an African Impact Sports and Development Volunteer:

- Getting stuck in the community and being involved with those who really need help.
- Being based in Livingstone ensures there are plenty of relaxation or adventure activities to enjoy at the weekends!
- Love Sports? Love Soccer? Then teach it, learn it, guide it, use it, play it, ref. it, coach it, and enjoy it with the African Impact Sports Project.

African Impact

PHYSICAL ADDRESS 6 Carlton Close, Noordhoek, 7985, Cape Town, South Africa.
TELEPHONE +27217854319 Direct Line or CALL us TOLL FREE 08000988440 (UK) or 1-800 6067185 (USA)

- The variety of activities and community projects, from building and painting to HIV education and reading clubs, there's something for everyone.
- The variety of locations! You will be based within poor communities in various districts of Livingstone. Within hospices, farms, the old people's home, and schools ensuring there isn't an inch of African day-to-day life that you won't see.
- The friendly people – the work of a sport volunteer is very much appreciated by the communities. You will meet the friendliest, nicest, craziest, most determined, and zealous African people, who are guaranteed to inspire and motivate you!

Project Typical Day:

- **0700:** Its rise and shine, and time for breakfast. The volunteers also spend some time preparing for the projects, ensuring they have everything they need for the day.
- **0745:** Off to work. The volunteer arrives at their assigned school and class. After saying hello to all the children, its time to get down to some work and prepare them for their morning of P.E. There are also opportunities to work on our community projects in the mornings.
- **1130:** You will be picked up from your project and be taken back to the house for lunch.
- **1200:** Lunch.
- **1300:** Planning Session – You are given this time to prepare for your afternoon projects or training session. This may mean drawing up training plans, researching new techniques or practising some skills.
- **1330:** Depart for your community project. This may be farming, building, or painting. It may mean an art club or a reading club, or assisting at Maramba Old People's Home. You may also be involved in planning and delivering one of our workshops to the kids of the community schools covering topics such as basic first aid, drugs and alcohol, HIV and AIDS or life skills.
- **1700:** You will arrive back to the house for supper after your projects. Your evening is free, so why not treat yourself to a meal out, or simply sit enjoy a beer in front of the TV whilst planning for the next day.

Please be advised that we endeavor to keep all of our project documents up to date; however, due to the constantly evolving nature of sustainable projects expect amendments within all programmes. Some projects will become self sufficient and no longer require the assistance of volunteers, others will slightly change focus and new ones will begin. Volunteers will be involved in a diverse range of project work as things evolve and develop, all of which are moving the project towards a common goal.

Project Orientation:

Upon arrival in Livingstone all volunteers are involved in comprehensive orientation programme, which is included in your fee. This is facilitated by your project volunteer coordinator and entails an introduction to our projects. Not only will you see where you will be working, you will also see where your fellow volunteers will be spending their days

Project Costs:

Placements in 2011

2 weeks	GBP810 / EUR1055 / USD1460
4 weeks	GBP1295 / EUR1685 / USD2330
6 weeks	GBP1695 / EUR2195 / USD3050

(You are welcome to volunteer for anything from 2 weeks up to 8 weeks on this project).

Project Cost Includes:

- Project Fee: This facilitates funding for items such as coaching materials and equipment, building materials, etc. This also entails financing that goes directly back into the project that you are involved with. This project fee facilitates funding for items such as building materials, equipment, supplies, foodstuffs, etc. Project fees are also used to buy vehicles/equipment and for developing the housing for volunteers to provide for the expansion of the projects.
- All airport transfers from Livingstone International Airport upon your arrival and departure
- Orientation program
- All daily transfers to and from your projects during your stay
- Full board and lodging which includes 3 meals a day at our volunteer house
- Weekly laundry service during your stay
- Full support from African Impact and your project managers throughout your time on your Livingstone placement

African Impact

PHYSICAL ADDRESS 6 Carlton Close, Noordhoek, 7985, Cape Town, South Africa.
TELEPHONE +27217854319 Direct Line or CALL us TOLL FREE 08000988440 (UK) or 1-800 6067185 (USA)

Project Cost Excludes:

- Personal travel insurance for the duration of your placement, which must include cover for evacuation and repatriation
- All transport by air or bus to Livingstone
- All items of a personal nature, such as curios, gifts, clothing (work and other)
- Email/Internet and telephone calls
Soft drinks, alcoholic beverages and snacks
- All visas for border crossings
- Any excursions over and above your planned volunteer itinerary in Zambia e.g. visit to the Victoria Falls, white water rafting, etc.

Project Support:

Throughout your stay at your placement you will have the support and guidance of experienced field-workers and coordinators. They are part of our greater African Impact support team, and will provide you with competent 24-hour field support and assistance.

Project Accommodation:

Livingstone volunteers reside at a comfortable and secure complex, a 5 minute walk away from Livingstone town center. This accommodation features a dining area, bar, swimming pool, large garden, and even a climbing wall! The house sleeps up to 68 people and accommodates volunteers from our medical, teaching and sports projects. The accommodation is multi-sex, but males and females will be sleeping in separate rooms.

The house has 24 hour security. It also has a safe where you can store your valuables. Your meals are cooked at the accommodation and you will have the support of our project managers at the site. Each bedroom sleeps 6 people, with three bunk beds in each room, some of the larger rooms can have up to 8 people in the room. Each bedroom has a lockable cupboard for your valuables.

Bed linen is provided (please bring a towel) and the maid service will attend to cleaning the rooms and making the beds daily. The maids will wash your laundry. The house is positioned within close walking distance to town where you will find a wide range of amenities.

Please Note:

We find that volunteers living together and working closely together with their volunteer co-ordinators is the surest way of guaranteeing their safety and being able to attend to their most pressing needs. For this reason we expect all volunteers to stay only in the accommodation provided for them and do not allow volunteers to spend nights away in the town or nearby villages, unless they are away on pre-arranged sightseeing excursions.

African Impact

PHYSICAL ADDRESS 6 Carlton Close, Noordhoek, 7985, Cape Town, South Africa.
TELEPHONE +27217854319 Direct Line or CALL us TOLL FREE 08000988440 (UK) or 1-800 6067185 (USA)

Project Meals:

You will be provided with three meals a day. Breakfast is on a help-yourself basis and usually consists of cereals/ porridge, toast, tea and coffee.

Lunch and dinner are full meals, and will be cooked for you by the chef at your volunteer house.

Note: Meals are provided at weekends although many volunteers choose to eat out. Weekends are usually good times for tourist activities and exploring the surrounding area, so that is the time that a lot of volunteers are out and about anyway.

Please note that while we do our very best to provide you with varied and interesting meals, due to the nature of our rural location food will generally be quite simple but still nutritious. We ask that you are not overly fussy and ungrateful with what is provided for you.

Please let us know before you depart for Africa of any food allergies or specific requirements.

Project Getting There: *Our placement coordinators will meet you at the airport in Livingstone!!*

- Livingstone: Fly to Johannesburg in South Africa and then connect to Livingstone. This is by far the simplest and most popular means of getting to the project.
- Lusaka: fly into Zambia's capital city and then transfer to Livingstone by bus (approx. 8 to 12 hours) or by means of a flight. The bus transfer will cost you approximately US\$20.

WHEN FLYING VIA JOHANNESBURG DO NOT CHECK YOUR LUGGAGE THROUGH TO YOUR FINAL DESTINATION. ALWAYS COLLECT YOUR LUGGAGE IN JOHANNESBURG AND RE-CHECK ONTO YOUR CONNECTING FLIGHT. THIS AVOIDS LUGGAGE BEING LOST.

"...it was the most amazing experience of my life and I only wish I was out there for longer!"
Stephanie Keatley, UK.

"My time in Livingstone was amazing, so much more than I could have ever experienced. I was 100% happy, in fact 110% happy with my whole experience"
Mandy Beech, Australia.
